DJ Station for i-Pods

Availability: **FEB 2010**

TOP VIEW

i-Styler is the easiest and most versatile machine to mix 2 iPods without the need of a computer. Small and portable,i-Styler is a 3-IN-ONE DJ Station: it integrates a DJ Mixer, a powerful Effect processor to move your sound in 3 dimensions, and a Jingle Player with 8 pads integrated. Just connect i-Styler to your PA system or your hifi, and crank it out.

i-Styler features a jingle player: imagine 8 pads with 792 sounds under your fingers : from Scratch sound, to guitar riff , or funky beat, or why not animation sound or anthem, no need any science of mixing :press the pads and play the jingles , change their tempo, and loop them with your iPods , mixing as easy as a game. 99 banks classified by category, will help to choose your best jingle in real time.

i-Styler integrates a fantastic Effect processor with 2 adjustable parameters; So easy to give colours to your sound : flanger , Delay , pitch,Phaser ec .. etc ..,but it can become as well a voice changer : Female,Robot, or Mickey mouse voice in a snap.

ROCK YOUR iPod, Rock your music, ROCK SOLID. The new spicy of iPod DJ station is born. i-Styler will shape your mix and give you tons of fun and creativity.
